Attention: Ms. Cheryl Blundon
Director Corporate Services & Board Secretary

Dear Ms. Blundon:

Re: Newfoundland and Labrador Hydro – 2013 General Rate Application
Responses to Requests for Information – Batch 41

By correspondence dated July 10, 2015, the Board indicated that it would permit parties to Hydro's General Rate Application to file further Requests for information (RFIs) "relating to the impact of the interim rate orders by Friday, July 17, 2015." Hydro has received a number of RFIs from the Consumer Advocate and the Industrial Customers. Hydro has endeavoured to answer all the RFIs filed, even those which do not relate to the impact of the interim rate orders; however, CA-NLH-365 and CA-NLH-366 not only do not relate to the impact of the interim rate orders, they will require a significant and material amount of effort on Hydro's part to answer. As such, Hydro will not be filing responses to those particular RFIs as they are outside the limited scope permitted by the Board.

Batch 41

CA-NLH-Series: 361, 362, 363, 364, 367, 368, 369, 370, 371 and 372

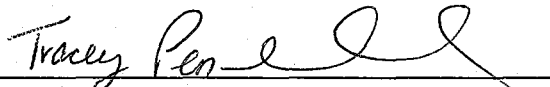

IC-NLH-Series: 199.

Hydro is filing a redacted version of CA-NLH-368 redacting certain identifying and commercially sensitive information. The document will be made available to the parties upon request and upon execution of an appropriate non-disclosure agreement. Hydro respectfully requests that the Board assist Hydro in this matter by not distributing or posting this document to its website.

Should you have any questions, please contact the undersigned.

Yours truly,

NEWFOUNDLAND AND LABRADOR HYDRO
