2 Please indicate if Hydro and NP share the costs of the CDM program in respect of

7 A. The major portion of the expenses included in Hydro's revenue requirement and  
8 deferral account are directly related to Hydro's customers. Hydro and NP do,  
9 however, share, through a 15/85 ratio, the cost of certain common items, such as  
10 the takeCHARGE website and advertising costs.
