

1 Q. Please indicate if the 2013 GRA NP forecast load levels (energy and peak) were  
2 prepared by NP or by Hydro. Please indicate if both utilities use the same NP load  
3 forecast for the purposes of annual financial and regulatory planning and reporting.

4

5

6 A. The load forecast for Newfoundland Power used by Hydro for the 2014 and 2015  
7 GRA Test Years was prepared by NP and was dated April 11, 2014. Hydro does not  
8 know if NP has used the load forecast dated April 11, 2014 for purposes of annual  
9 financial and regulatory planning and reporting.
