

1 Q. How many staff positions (or staff hours) does Hydro budget for operating and
2 maintenance activities at the Corner Brook frequency converter. Please provide the
3 budgets for salaries and supplies for this facility.

4

5

6 A. Hydro does not specifically budget staff positions or supplies directly to the Corner
7 Brook frequency converter. The maintenance positions for the Corner Brook
8 frequency converter are included within the business unit for Terminal Stations.
9 The supplies are included within the Generation Interconnected business unit that
10 also includes the Stephenville and Hardwoods Gas Turbines.
