

1 Q. Further to RFI IC-NLH-166, please explain whether the methods of calculating
2 marginal cost estimates have changed between the RFI responses to CA-NLH-033
3 (original) and CA-NLH-033 (Rev 1)?

6 A. No, the methods of calculating marginal cost estimates have not changed. The
7 methods of calculating marginal cost estimates provided in Hydro's responses to
8 CA-NLH-033 and CA-NLH-033 (Revision 1, Dec 9-14) were both modelled using the
9 NERA Consulting marginal cost approach that was determined in 2006. Please see
10 Hydro's response to IC-NLH-166 and see Table 1, Note 1 from Hydro's response to
11 CA-NLH-033, Page 2 of 3 and Table 1, Note 1 from Hydro's response to CA-NLH-033
12 (Revision 1, Dec 9-14), Page 2 of 2.
