

1 Q. Further to RFI IC-NLH-166, please confirm that the expected marginal value of
2 capacity post-Labrador interconnection is now almost double the cost expected as
3 of the time the original RFI response to CA-NLH-033 was prepared.

4

5

6 A. The projected marginal costs of capacity have increased materially from the time
7 the original response to CA-NLH-033 was prepared. Please see Hydro's response to
8 IC-NLH-166.
