

1    Q.    **Re: Capital Expenditures and Carryover Reports (2006-2012)**

2            Did NLH contribute towards the cost of construction of the diesel tanks and related  
3            infrastructure in the Isolated Communities in Labrador and on the Island in the  
4            years 2007-2013YTD? If yes, what percentage of the costs did NLH contribute?

5

6

7    A.    Yes, Hydro contributed 100% of the cost related to construction of diesel fuel tanks  
8            and related infrastructure in the Isolated Communities in Labrador and on the  
9            Island for all projects outlined in the Carryover Reports (2006-2012) and within  
10          Hydro's 2013 capital plan.
