

1 Q. **Re: NLH Evidence, Section 3, page 3.23, lines 2-17.**

2 Please describe any improvements in reliability or other characteristics of electric
3 service that these improvements in the Labrador West distribution system will
4 provide to consumers in Labrador East¹ or in Labrador Isolated systems.

5

6

7 A. There will be no improvements in reliability or other characteristics of electric
8 service that the improvements in the Labrador West distribution system will
9 provide to consumers in Labrador East or the Labrador Isolated systems. The
10 improvements in Labrador West target the distribution systems in that area only.

¹ In this document, the term “Labrador East” will be used in accordance with its use in P.U. 14(2004).
