

1 Q. **Re: NLH Evidence, Section 4, page 4.25, lines 8-10.**

2 With respect to the Isolated Systems (including L'Anse au Loup) Purchase
3 Power Variance Deferral, it is stated that, "Due to their relationship to fuel
4 costs, power purchase costs could also vary significantly in unit price from the
5 Test Year unit price."

6 Please explain the relationship between L'Anse au Loup power purchase costs and
7 fuel costs.

8

9

10 A. Please see Hydro's response to IN-NLH-064 that shows how L'Anse au Loup power
11 purchase costs are related to fuel costs.
