7 A. Attached for each applicable rate class is a breakdown of the total number of
8 customers, energy consumption, demand, and amount billed by Hydro to
9 customers in Sheshatshiu, updated to end of September 2014. Please refer to IN-
10 NLH-070 Attachment 1, page 1. Customers in Natuashish are not billed by Hydro
11 therefore the information is not able to be provided by Hydro. For Natuashish the
12 net energy produced and demand at the diesel plant is provided to the end of
13 August 2014.
