

1 Q. **Re: IN-NLH-092**

2 Did NLH ever discuss the option of purchasing the diesel plant and associated assets
3 at Natuashish for a nominal fee with Canada and Mushuau Innu First Nation during
4 the negotiations of an operating agreement for Natuashish? If so, please provide
5 copies of relevant documents. If not, why not?

6

7

8 A. There were discussions pertaining to Hydro purchasing the plant for a nominal fee
9 but these discussions never precipitated an agreement for the purchase due to
10 unresolved issues as to property rights and the management and ownership of fuel
11 tankage. Please see Hydro's response to IN-NLH-195.
