

1    Q.    **Re: IN-NLH-152, Att. 1**

2            The excerpt produced from P.U. 8 (2007), states (p. 60) that “The Board will  
3            convene a meeting of stakeholders including Hydro and the parties to this  
4            proceeding to discuss the scope of an IRP Process with the timing of such an  
5            exercise to be determined by the Board.”

6            Did the Board ever convene such a meeting? If so, please provide a copy of any  
7            minutes or report that may have resulted from this meeting, and describe any  
8            subsequent steps that were taken with respect to an IRP process.

9

10

11    A.    To Hydro’s recollection, the Board did not convene such a meeting.
