2 **Re: IN-NLH-186, Att. 1**

3 Citation:

4 RFI "... Please explain to what extent and at what level of detail Hydro is able
5 to distinguish between investments in Lab East and Lab West, and present
6 the plant additions on this basis."

7 Response: "... Assets such as transformers, primary conductor, secondary
8 conductor and pole hardware have not been allocated to a specific location
9 within a system and are therefore classified as unallocated for the purpose
10 of this response. ..."

11 Please explain to what extent and at what level of detail Hydro is able to distinguish
12 between investments in Lab East and Lab West, and present the plant additions —
13 in particular, for transformers, primary conductor, secondary conductor and pole
14 hardware — on this basis.

17 A. Board Order No. P.U. 14(2004) ordered that there will be a single Cost of Service
18 study for the Labrador Interconnected System. As a result, Hydro does not track its
19 detailed plant records on a basis that would provide information separately for
20 Labrador East and Labrador West.
