3 With respect to the generation and distribution assets in Davis Inlet that had been
4 included in Hydro's rate base, how were they disposed of or dealt with upon the
5 decommissioning of the facilities there? Please quantify the impact of the
6 decommissioning on Hydro's rate base, and include any applicable documentation
7 filed with the Public Utilities Board detailing this impact.

10 A. Please refer to Hydro's response to IN-NLH-093 for the request by Hydro of
11 abandonment of the Davis Inlet assets in 2006. Davis Inlet was excluded from rate
12 base in the 2007 Test Year as an asset not in service. As a result, there was no
13 impact to Hydro's rate base related to Davis Inlet in the 2007 or the 2014 and 2015
14 Test Years.
