

1     Q.     **Re: IN-NLH-278**

2             With respect to discussions with respect to Natuashish becoming an *Indian Act*  
3             reserve in 2003, NLH in IN-NLH-278 stated:

4             “There was no specific impact on those discussions with respect to Natuashish  
5             becoming a reserve although Hydro was aware that it could have an effect upon the  
6             parties’ roles and obligations with respect to providing electrical service and as to  
7             the ownership or funding of the facilities.”

8             Please specifically delineate Hydro’s understanding of the roles and obligations of  
9             the parties in the following tables:
