

1 Q. **Re: IN-NLH-278**

2 In IN-NLH-278, Hydro stated that “After the installation of the electrical facilities in
3 Natuashish by MIFN on Federal Government land, Hydro was asked to provide
4 technical and operations services to MIFN with respect to those facilities owned by
5 MIFN and the Federal Government.”

6 Please provide any correspondence detailing requests that Hydro operate and
7 maintain the electrical facilities in Natuashish without owning those assets.

8

9 A. []

10

11 Hydro could not find any correspondence from MIFN or from the Federal
12 Government that specifically requested that Hydro operate and maintain the
13 electrical facilities in Natuashish without owning those assets. However, tripartite
14 negotiations proceeded along that basis for a number of years (see, for example,
15 the draft agreement provided in IN-NLH-315 Attachment 2) and that is the basis
16 upon which operations services continues to be provided by Hydro at Natuashish.
