

1 Q. **Re: IN-NLH-281; IN-NLH-069**

2 In IN-NLH-069, Hydro stated that it provides Long-Term Asset Planning services to
3 Labrador Isolated customers.

4 To the best of Hydro's knowledge, does anyone provide Long-Term Asset Planning
5 services to residents of Natuashish? If so, please detail who, and describe what kind
6 of services are provided.

7

8

9 A. Hydro's staff in Natuashish, at Hydro's head office, and in its Happy Valley and
10 Bishop's Falls offices provide to MIFN Long-Term Asset Planning services for the
11 Natuashish electrical system. This comprises providing advice to MIFN as to the
12 optimum maintenance and capital works required for the sustained reliable and
13 efficient operation of the assets in the diesel plant. These works are then
14 performed by Hydro as approved by MIFN.
