

1 Q. **Re: IN-NLH-281; IN-NLH-069**

2 In IN-NLH-069, Hydro stated that it provides System Planning services to Labrador
3 Isolated customers.

4 To the best of Hydro's knowledge, does anyone provide System Planning services to
5 residents of Natuashish? If so, please detail who, and describe what kind of services
6 are provided.

7

8

9 A. Hydro's staff, primarily based in its head office, provides System Planning services
10 to MIFN. These System Planning services comprise load forecasting and planning of
11 generation and distribution facilities required to address the forecast growth in
12 power and energy requirements. This group also provides operational support and
13 recommendations to MIFN on system design capability and other technical matters.
