

1 Q. **Re: Response to LWHN-NLH-011.**

2 NL Hydro has indicated that the NP Customer expense figure that is used in the  
3 formula for the allocation of the rural deficit is a “derived” number. Please provide  
4 a list of the items that give rise to this figure and indicate their locations.

5

6

7 A. [ ] In its Amended Application, Hydro has proposed to allocate the Rural Deficit  
8 based on revenue requirement as described in Section 4.3.1 of the Evidence, As a  
9 result, customer costs are no longer applicable in the proposed Rural Deficit  
10 allocation.
