

1    Q.    What has been the impact of energy efficiency efforts and expenditures over the  
2           fiscal years 2013-14 to 2014-15 in terms of reducing total or per capita electricity  
3           demand?  
4  
5

6    A.    Please refer to Hydro's response to IC-NLH-083, which explains that the energy  
7           efficiency programs currently offered focus on electrical energy savings as opposed  
8           to electrical demand reduction. Please refer to Hydro's response to IN-NLH-241  
9           (Revision 1, Apr 24-15) Attachment 1 for the electrical energy savings from Hydro's  
10          energy efficiency programs.
