

1 **Q. Did Mr. Brockman believe the Rural Deficit methodology proposed in 1992 by Mr.**
2 **Baker, the Board’s Consultant, was fair when Mr. Brockman presented evidence to**
3 **the Board in 1992? If not, why not?**
4

5 A. At the 1992 generic cost of service hearing, Mr. Brockman testified that Mr. Baker’s
6 method “would tend to remove the bias of just doing it on revenue so I guess I would
7 have to support that more than I would the straight revenue split that Hydro’s
8 recommending.”¹
