

1    Q.    [InterGroup Consultants Evidence, page 32, Table 5-2]

2            Please confirm that the Newfoundland Power peak provided for “2015 GRA  
3            forecast” is on a calendar peak basis (January to December).

4    A.    Based on information provided to response IC-NLH-028 Rev1, the NP peak shown in  
5            Table 5-2 of Pre-filed Evidence is for January 2015, so the value is the same if it is the  
6            2014/15 winter, or the 2015 calendar year.
