

- 1     Q.     Further to response to Request for Information PUB-NLH-094:  
2             Please confirm that the listing of New Deferral and Recovery Mechanisms  
3             requested in PUB-NLH-094 and provided in Attachment 1 to PUB-NLH-093 does not  
4             include the proposed recovery of supply cost variations on the Island  
5             Interconnected System through the RSP based on the:  
6                 (i)    amount of power purchases from wind generation;  
7                 (ii)   amount of power purchases from CBPP cogeneration;  
8                 (iii)  amount of power purchases from hydraulic generation;  
9                 (iv)   cost of diesel generation;  
10                (v)   cost of gas turbine generation; and  
11                (vi)  the price of power purchases.  
12  
13  
14     A.     The above items are proposed to be part of the RSP, and were therefore included in  
15             Hydro's response to PUB-NLH-093 Attachment 1 under #1 "Rate Stabilization Plan  
16             (RSP)".
