

1     Q.     Further to response to Request for Information NP-NLH-020:  
2  
3           In the response to Request for Information PUB-NLH-008, Hydro provides in  
4           Attachment 1, a letter indicating the Government of Newfoundland and Labrador's  
5           intention to transfer ownership of the Exploits River Generation Facilities to Hydro  
6           by June 2014. Please explain why the effect of this material event has not been  
7           included in the 2014 forecast provided in response to Request for Information NP-  
8           NLH-020.

9  
10    A.     The analysis related to the transfer of Exploits River Generation Facilities from the  
11           Government of Newfoundland and Labrador to Hydro has not yet been completed  
12           and thus a reliable financial forecast of this potential transaction is not yet able to  
13           be prepared.
