10 A. The Revision on March 24, 2015 to Hydro's Amended Application, Volume I,
11 Regulated Activities, Schedule I, resulted in no change to Hydro's total Operating
12 Costs. The "allocated to non-regulated customer" balance in the unrevised version
13 was not consistent with Hydro's Amended Application submittal. The revised
14 "allocated to non-regulated customers" balance of (\$1.387) million is consistent
15 with Hydro's Amended Application, Volume I, Finance, Schedule III, Page 1 of 2, line
16 19.
