9
- 10 A. Please refer to NP-NLH-368 Attachment 1 for the categorization of the 2014 Test
11 Year consulting¹ and GRA and Board related payments. Due to the labour intensive
12 process and extended time it would require to review and categorize every
13 consulting payment, Hydro has combined environmental work and safety and
14 health related, condition assessments, engineering related initiatives, and
15 environmental remediation at Sunnyside.

¹ Hydro's responses to NP-NLH-322 and NP-NLH-368 were derived using operating and capital consulting payments. CA-NLH-108 (Revision 1, Nov 28-14) was derived using operating expenses.
