

- 1    Q.    Further to the response to Request for Information NP-NLH-332:
- 2            Please confirm that there is no financial incentive for Hydro to optimize the fuel
- 3            conversion factor if Hydro's proposed deferral account and recovery method is
- 4            approved.
- 5
- 6
- 7    A.    If the proposed deferral account and recovery method is approved, Hydro's focus
- 8            will continue to be to provide least cost and reliable power for the ratepayers of the
- 9            Province.
