

1    Q.    Please explain in full Hydro's view of the relative advantages and disadvantages of  
2           considering changes to the 1992 Cost of Service Methodology Order in a GRA as  
3           opposed to a cost of service methodology proceeding. In particular, address the  
4           appropriateness of considering changes to the 1992 Cost of Service Methodology  
5           Order in the anticipated proceeding required to address cost of service and rate  
6           design implications of the Muskrat Falls interconnection.

7

8

9    A.    Please see Hydro's response to NP-NLH-347.
