

1 Q. Please explain in full Mr. Greneman's view of the fairness of assigning the rural
2 deficit on an equal unit cost per kWh, kW, and customer as proposed by Mr. Baker
3 in the hearing resulting in the 1992 Cost of Service Methodology Order.

4

5

6 A. Mr. Greneman is not supportive of the current method of assigning the rural deficit
7 on an equal unit cost basis as proposed by Mr. Baker in the 1992 Cost of Service
8 Hearing for the reasons discussed in Section 4.3.1 of Evidence to Hydro's Amended
9 Application.
