

1 Q. **2013 General Rate Application, Rates**

2 Further to PUB-NLH-74, what in Hydro's opinion would be an appropriate period for
3 the Board to set for review of Hydro's rates?

6 A. In Board Order No P.U. 13(2013), it is stated "The Board agrees with Newfoundland
7 Power that a three-year period between general rate applications is generally
8 consistent with sound utility regulation." Hydro generally concurs with this
9 assessment.
