

1 Q. **2013 General Rate Application, Deferral and Recovery Mechanisms**

2 Hydro is proposing a new deferral and cost recovery mechanism for purchase costs
3 variances in the isolated systems, including L'Anse au Loup. What are the isolated
4 systems, other than L'Anse au Loup, where Hydro purchases energy from a third
5 party? Are purchases for other systems under consideration?

6

7

8 A. The only isolated system where Hydro purchases energy from a third party, other
9 than L'Anse au Loup, is the Ramea system.

10

11 Hydro is proposing that power purchases in Ramea from Frontier Power and power
12 purchases in L'Anse au Loup from Hydro Québec are to be considered in the
13 deferral and cost recovery mechanism.
