

1    Q.    **2013 General Rate Application, Cost of Service**

2            Hydro's correspondence dated July 30, 2013 makes reference to the annual  
3            Northern Strategic Plan subsidy. Provide a detailed description of this subsidy,  
4            including how it works, its providers and beneficiaries, effective time period,  
5            methodology to calculate benefits, and a more detailed description of the effects  
6            that it has on proposed rates.
