

1     Q.     2013 Amended General Rate Application, November 10, 2014, page 2.8: Given the  
2            stated lack of communication from Government, what is the basis for Hydro's  
3            assumption that Exploits generation will continue to be available for 2015 at 4 cents  
4            per kWh?

5

6

7     A.     Discussions on these matters are ongoing with Government. An update will be  
8            provided in due course.
