

1     Q.     2013 Amended General Rate Application, November 10, 2014, page 3.43, Table  
2             3.14: Confirm that all of the type of costs listed in the table are initially paid for by  
3             Hydro and that the amounts attributable to other Nalcor entities are then charged  
4             back to or allocated to those entities as appropriate.

5  
6

7     A.     The types of costs in Table 3.14 and whether they may be paid initially by Hydro is  
8             noted below:

- 9             • Admin fees are initially paid by Hydro and then reallocated;
- 10            • Direct billed – can be billed directly to and paid by Hydro initially and  
11            recharged to other lines of business as required;
- 12            • Allocated / allocated across lines of business / allocated as per industry  
13            standard – may be paid by Hydro initially and allocated to other lines of  
14            business as required or paid by another entity initially and allocated to  
15            Hydro as required;
- 16            • Bill rate – paid by the entity in which the employee resides initially and  
17            recovered through the labour recharge process as outlined in the  
18            intercompany transaction costing guidelines;
- 19            • Not charged – not paid by or charged to Hydro;
- 20            • Not allocated – paid by Hydro and not allocated to other Nalcor lines of  
21            business.
