

1 Q. 2013 Amended General Rate Application, November 10, 2014, page 3.43, Table  
2 3.14: Confirm that the table indicates in error that the operating costs of the Hydro  
3 Place emergency diesel power system are not allocated and that a portion of these  
4 costs are included in the space rental portion of the Administration Fee. Further to  
5 the response to PUB-NLH-166, provide any updates to the figures provided in Table  
6 1 as appropriate. Indicate what of these amounts are included in the space rental  
7 portion of the Administration Fee and which Nalcor entity or line of business incurs  
8 the remaining portion of the costs.

9

10

11 A. Hydro confirms that a portion of the costs associated with maintaining and  
12 operating the diesel power system are included in the space rental portion of the  
13 Administration fee. Please see the updated table below.

14

Operating Costs	Actual							Test Year	
	2007	2008	2009 <sup>1</sup>	2010	2011	2012	2013	2014	2015
Hydro Place Emergency Diesel Power System	3,237	6,010	-	16,063	17,604	27,245	6,883	55,168	16,500
Amounts included in space rental costs	3,237	-	-	10,063	11,604	20,995	1,883	15,000 <sup>2</sup>	16,500

Note 1. There were no costs incurred in 2009.

15 Note 2. Admin fee included in 2014 Test Year was based on the 2014 Budget and updated at year end for actual costs.

16

17 Identification of each line of business that shares space rental costs is not relevant  
18 for an understanding of this matter.
