

1     Q.     Further to the response to PUB-NLH-200, Attachment 1, (Rev 1, Nov 28-14), explain  
2           the significant reduction in the square footage attributed to Hydro Regulated during  
3           the years 2012-2013 and the 2014 test year, and the significant increase in the  
4           square footage attributed to Hydro Regulated in the 2015 test year.

5

6

7     A.     The increase in square footage in 2015 attributed to Hydro Regulated in the 2015  
8           Test Year reflects an increase in occupied space by Hydro staff to accommodate  
9           additional staff hired in Finance as outlined in Hydro's response to PUB-NLH-408  
10          and a related larger share of common space.
