

1 Q. Evidence, page 4.14, lines 15-18 and NP-NLH-347, pages 2-3: Hydro states that an
2 *“evaluation of the fairness of the Rural Deficit allocation supports a change in the*
3 *Cost of service allocation methodology to provide a more reasonable sharing”*
4 between customers. Describe in detail all the criteria Hydro believes should be
5 applied by the Board to evaluate “fairness” and for each criterion or factor explain
6 how each should be considered.

7
8
9 A. Please see Hydro's response to NP-NLH-398.
