

1 Q. **Reference: RFI V-NLH-083 Specific Assigned Charge**

2 In Hydro's electronic fixed assets, equipment or other files, does Hydro store the  
3 complete list of plant in service, the date each piece of equipment went into  
4 service, its original cost and its function and sub-function?

5

6

7 A. No. Hydro stores each individual plant asset, including its in-service date, original  
8 cost and function in its electronic records but it does not maintain a sub-function  
9 categorization.
