

Undertaking 163

Re: PUB-NLH-228, Attachment 1 (Revision 5)

Undertake to file an update (Revision 6), so that rather than have to go to Grant Thornton's Report, that we would have Hydro's position on the record of what Nalcor leadership time is being charged in the 2015 test year.

Undertake to provide us with the 2014 information in terms of what Nalcor leadership team is being charged in towards the revenue deficiency for 2014.

Please see PUB-NLH-228, Revision 6 filed on December 8, 2015.
