

Undertaking 38

Re: Corner Brook Pulp and Paper water rights. Undertake to provide...who is responsible for monitoring compliance of this agreement with Corner Brook Pulp and Paper's water rights, whether it's someone within Hydro or outside?

Corner Brook Pulp and Paper's water rights were originally granted to Corner Brook Pulp and Paper by the Government of Newfoundland. Water rights are, by their nature, a grant of rights from the Crown in right of the Province. Hydro is not party to this agreement or instrument and has no role in monitoring the activities of Corner Brook Pulp and Paper with respect to water rights granted by the Crown.
