6 A. Section 2.1.3 of Exhibit 9 discusses the generation credit in the context of

7 curtailable load. In this section, Lummus Consultants provides its rationale for not

8 treating NP's curtailable load as a generation credit at this time and recommends

9 that NP, the CA and other interested stakeholders propose options for treatment of

10 NP curtailable load that addresses the concerns discussed in this section of the

11 report.
