6     A.     The difference between the estimates of \$51.8 million (page 2.46) and \$52.4 million  
7             (column 3 row 6 Exhibit 13), is that the energy wheeling charges of \$661,762 paid  
8             by Hydro to Newfoundland Power are not included in the first estimate. Please also  
9             refer to Exhibit 13, Schedule 4.4, Page 1 of 1 for this information.
