7 A. Please refer to the table below. As indicated in the Introductory Section 1.2.2.2 -
8 pages 1.7 and 1.8 and Hydro's response to PUB-NLH-12, the assets were no longer
9 operated by the Exploits River Hydro Partnership following the Government
10 expropriation and the closure of the Abitibi Grand Falls-Windsor paper mill in
11 February 2009. Beginning on February 12, 2009, the total output from the Grand
12 Falls and Bishop's Falls plant includes that which was formerly supplied by the
13 Exploits River Hydro Partnership or 'incremental' amounts of 161.22 GWh and
14 112.40 GWh, respectively. The output from the Grand Falls and Bishop's Falls
15 plants are tracked on a combined basis.
