

1    Q.    **Reference: Page 4.6 Table 4.2.**

2        With respect to specifically assigned charges, please provide a complete listing of all  
3        asset/asset grouping included in the category of specifically assigned assets for each  
4        of the IC and for NP, and indicate the rationale, role and justification for the assets  
5        being included as a specifically assigned asset.

6

7

8    A.    Please see the response to IN-NLH-114 for a listing of the specifically assigned  
9        assets for each IC. The assets for NP are provided in IC-NLH-088 Attachments 1 and  
10        2. These assets are categorized as specifically assigned as they are used for the  
11        benefit of an individual customer.
