

1     Q.     **Re: NLH Evidence, Section 2, page 2.48, section 2.6.3**

2             Please indicate, for each year 2007- 2013YTD:

- 3             •     the total amount of diesel used in the diesel generator facilities NLH
- 4                     operates in Natuashish in (in litres and \$), and
- 5             •     the total electricity production of the diesel generator facilities in
- 6                     Natuashish

7

8

9     A.     Please see response to IN-NLH-070 for the electricity production of the diesel plant

10            at Natuashish. Diesel fuel for the diesel plant at Natuashish is paid and supplied by

11            the Mushuau Innu First Nation (MIFN) and cost information is not retained by

12            Hydro. The following table provides the fuel consumption for the Natuashish diesel

13            plant.

**Natuashish Diesel Plant Fuel Consumption (Litres)**

2007	2,377,775
2008	2,337,323
2009	2,298,189
2010	2,364,941
2011	2,465,013
2012	2,409,882
2013	1,830,582

Note: Consumption in 2013 is January through September
