

1    Q.    **Re: NLH Evidence, Section 2, page 2.48, section 2.6.3**

2            Please indicate under what circumstances NLH may refuse a request for electric  
3            service from a resident or business located in the Newfoundland and Labrador,  
4            citing any relevant provisions of laws, regulations and regulatory orders.

5

6

7    A.    For service requests that are within Hydro's service area, according to Hydro's Rules  
8            and Regulations, Section 3 (d), Hydro may in its discretion refuse to provide Service  
9            to an Applicant where:

- 10            i.    the Applicant fails or refuses to complete an application for Service;
- 11            ii.   the Applicant provides false or misleading information on the application for  
12            Service;
- 13            iii.   the Applicant or the Owner or an Occupant of the Serviced Premises has a  
14            bill for any Service which is not paid in full 30 days or more after issuance;
- 15            iv.   the Applicant fails to provide the security or guarantee required under  
16            Regulation 4, Security For Payment;
- 17            v.    the Applicant is not the owner or an occupant of the Serviced Premises;
- 18            vi.   the Service requested is already supplied to the Serviced Premises for  
19            another Customer who does not consent to having the Service  
20            Discontinued;
- 21            vii.   the Applicant does not pay a charge described in Regulation 9 (b), (c) or (d).  
22            (Regulation 9 concerns charges that may be required to extend the  
23            distribution infrastructure to the site of the customer's request); and/or
- 24            viii.   the Applicant otherwise fails to comply with Hydro's Rules and Regulations.

25

26            The preceding concerns the refusal of a request for electric service. In addition to  
27            this, Hydro may refuse to connect the electric service of an Applicant or a Customer
