

1 Q. Further to response to Request for Information NP-NLH-123:
2
3 Does Hydro agree that the material increase in the demand charge to
4 Newfoundland Power is an indication that Hydro wants Newfoundland Power to
5 change the focus of its CDM activities? Please explain.
6

7 A. Hydro does not agree. The basis for the demand charge in this proceeding is the
8 same as proposed in Hydro's 2006 GRA, i.e. to provide an appropriate cost-based
9 price.
