#### Notes:

1. Atlantic Utility Average is based on Hydro, NL Power, NS Power, and NB Power (NB Power rates are taken from Generation Agreement where match is available, otherwise Transmission Agreement.) Atlantic Utility Average is reported only where at least three of the utilities have suitable matches for the position.
2. Maintenance rates at NARL are a multi-skill rate which are ~ 7% above the basic rate, to compensate for performance of ancillary duties.
3. Construction Labour Relations Association (CLRA) and project construction rates are gross hourly rates, i.e., they include allowances for vacation, holidays, pension, insurance, etc.
4. Hebron rates include a project premium of \$3.00/hour, paid quarterly.
