

1    Q.    Further to the response to PUB-NLH-252 given the hours charged by the Nalcor  
2           Rates and Financial Planning Analyst to Hydro each year, explain why it is  
3           considered appropriate that the position is a Nalcor one.

4

5

6    A.    This position is similar to the three positions in Hydro's Rates and Regulatory  
7           Department. The position referenced in PUB-NLH-252 as Rates and Financial  
8           Planning Analyst is specifically associated with work in investment evaluation.  
9           Three people currently perform investment planning for all lines of business and  
10          charge time in accordance with the Intercompany Transaction Costing Guidelines as  
11          outlined in Exhibit 8.
