

1 Q. **Reference: Rate Schedule, Section E: RSP Surplus, page 14 of 47**

2 **Reference: RSP Application 2013, RFI IC-NLH-1**

3 Using the amount provided in V-NLH-36 for the balance in the RSP Surplus that is  
4 forecasted to be owing to Hydro on Sept. 1, 2015, please provide the impact this  
5 balance has on each of the industrial customers.

6

7

8 A. As outlined in Section E of the RSP Rules filed as part of Hydro's RSP Application, the  
9 amount of \$1,117,580 (provided in the response to V-NLH-036), which is noted to  
10 be a forecast amount, would be added to the Industrial Customer RSP balance  
11 effective September 1, 2015 to form part of the overall RSP balance owing to/from  
12 Hydro. The approximate amounts recoverable by each Industrial Customer are  
13 provided in Hydro's response to V-NLH-038.
